

Оценка состояния:

6 - Still Sealed - запечатанная

5 - Mint - новая, но открытая пластинка. Неигранная или игранная несколько раз. Диск и конверт не имеют видимых дефектов.

5- - Near Mint - пластинку проигрывали более 2-3 раз. Винил может иметь незначительные поверхностные потёртости или волосяные царапины от бумажного конверта, не влияющие на качество звука. Конверт может иметь незначительные изломы или дефекты, не портящие его внешний вид

4 - Excellent - пластинка часто проигрывалась, но аккуратно и с соблюдением основных правил пользования и хранения. На виниле допускаются поверхностные царапины и потёртости. На обложке допускаются потёртости в виде незначительных кругов (характерно для американских пластинок), небольшие дефекты на углах или изгибах.

3 - Very Good - пластинка проигрывалась большое количество раз. На виниле имеются царапины и потёртости. Конверт имеет значительные дефекты или разрывы

[+] или минус [-] рядом с градацией означает, что состояние пластинки/конверта несколько выше или ниже указанной градации.
